## PROFILE

I am a very very quick learner. So, picking up new knowledge won't be so difficult. Can work non stop with minimal breaks. I can also work in teams. These skills help me achieve my current gpa in college. I also possess a foundation in programming languages including C, C++ and Python, enabling versatile problem-solving abilities. Can deliver high-quality projects within deadlines while adhering to best practices and industry standards. Highly skilled Full Stack Web Developer with extensive experience in HTML, CSS, JavaScript, MySQL, and PHP. Proficient in backend and frontend development, adept at creating responsive and user-friendly web applications. Committed to continuous learning and staying updated with the latest technologies to enhance project efficiency and innovation. Seeking opportunities to leverage expertise in full stack development to contribute to dynamic and innovative projects.
